BRIEF ABSTRACT OF LETTER.

Fd. for approval & orders of Govt a draft form of certificate to be furnished by the officers of the State Service desiring Family remittances to London in lieu of the one now appended to para 83 of the Mysore Treasury Manual.

NOTES AND ORDERS.

P. S. 1. The papers containing the orders on which the existing forms of certificate is based are put up.

2. The word 'Comptroller' below the certificate does not appear to be correct as it is the attester by the officer desiring remittances.

	this ~~allowance~~ concession may have had at a time when Exchange was unsteady and fluctuating, it has absolutely none now and to continue it is only to give a bonus to the officers concerned without any justification therefor.
	5 It is therefore for consideration if this System may not be done away with, especially as it is desirable for the Govt to minimise its Sterling obligations payments in view of the necessity that has now arisen of remitting money from here to England to meet payments for Railways & Public Works Stores.
	6 At present some at least of the European officers merely remit money to a banker in London at the privileged rate to swell their bank balance and the money cannot be said to be better intended for the support of their family unless it be that all money Earned & accumulated by a person is for the support of his family.
	7. If after it is not considered

This question has been discussed more than once in the past. Govt do not seem to be inclined to withdraw this concession. Vide orders of His Excellency communicated in the D.O. letter dy 17-9-12 of the Private Secy to the Hon'ble Finance 2-7-15

The proposed certificate may be expected to bring to notice cases in which the concession may not be necessary.

remittances are proposed and such cases to be brought to light by the proposed Certificate they may be commented on hereafter. The question of the period within which a particular remittance is to be used up aims at finding out unnecessary remittances & except in clearly abnormal cases it will be difficult for Govt to fix any standard of expenditure - monthly or for longer periods - for the support or Education of relatives of the officer making remittance, with reference to which they can say whether a proposed remittance is bona fide or not. Some latitude has to be allowed in regard to the amount to be remitted or the period within which it is intended to be spent. In leaving this point undefined there is of course scope for abuse as officers may make remittances of amounts larger than are necessary for the Education & maintenance of the members of their family. In view however of the difficulty of laying down any hard and fast rule for regulating amounts to be remitted

34 Government order No. 9946/G.F. 453-92 dated 23rd December 1893 lays down the rules under which officers of Government may make family remittances at the privileged rate of 1s. 6d. the rupee, and requires a certificate in the following form to be entered on each application for remittance:-

> 'Certified that the remittance desired is bona fide for the support (or education) of members of my family dependent on me in England.'

*Paper under disposal.

35. The Comptroller thinks that this certificate is vague and possibly misleading and that the concession allowed by Government does not seem to have been restricted to merely bona fide cases of remittances for the support of officers' families and proposes to introduce in lieu thereof a more detailed one giving fuller information regarding the several persons for whose benefit the remittance is intended, their relationship to the officer, purpose for which the remittance is made, month by which the amount will be used up, etc.

*Page 6 of office note.

36. 4. The First Member is of opinion that it will be somewhat inquisitorial to require all the details to be communicated every time a remittance is made, that the proposal really amounts to introducing a set of definitions and rules in the guise of a certificate, and that he prefers the more direct course of laying down

supplementary rules to regulate the subject.

37. 5. The Financial Department have prepared a draft order according to the directions of the First Member, though the Financial Secretary is of opinion that a detailed certificate as suggested by the Comptroller -with some simplifications, if necessary,- would be more effective than the proposed order.

38. 6. The matter was considered at a meeting of the Council who are of opinion that the draft order as slightly revised by the First Member may be approved
